OK, SIZE DOESN'T REALLY MATTER. A caring, sensitive lover can satisfy his partner with a penis of any size and can certainly satisfy himself. A big penis doesn't make a man more of a man, just as a small penis doesn't make him any less.

Penis Time

BY DIAN HANSON

No racial or ethnic group is uniformly large and no group is uniformly small. Women, we are constantly assured, care nothing about penis size. Men may be more candid, but there are also male fans of the small penis, either as a symbol of youth or for its amazing ability to make one's own penis look larger.

All that out of the way, who can deny the allure of a big dick? Flaccid or erect, it is esthetically stunning — commanding

every onlooker to consider capacity and consequence. Many viewing the photos for this book blurted out, "I wouldn't let that near me!" As if anyone were offering. Everyone takes the big penis personally, as an object of fear, arousal, and endless fascination, that last derived from the Latin *fascinum*, meaning both *phallus* and *magical spirit*. Big shoulders, big lapels, and big hair may come and go, but the big penis never goes out of fashion.
